Hanwa Endorses TNFD Recommendations and Registers as TNFD Adopter

Hanwa Co., Ltd. (“Hanwa”) is pleased to announce that it has endorsed the recommendations of the Taskforce on Nature-related Financial Disclosures (TNFD^{*1}), joined the “TNFD Forum”^{*2} and registered as a “TNFD Adopter”^{*3} in July 2025.

As stated in Hanwa’s Environmental Policy and Sustainability Basic Policy, it recognizes that consideration for the natural environment – including the effective use of resources and the mitigation of environmental impacts – is essential to realizing sustainable development. In alignment with the TNFD recommendations, Hanwa will evaluate its dependence on and impact on natural capital, and appropriately disclose and analyze the information.

- *1 TNFD (Taskforce on Nature-related Financial Disclosures) : Established in June 2021, the TNFD aims to provide a framework for managing and disclosing nature-related risks. In September 2023, it released its final recommendations (v1.0), which offer guidance for companies and financial institutions to identify, assess, manage, and disclose nature-related issues.
- *2 TNFD Forum : A network composed of companies, government agencies, academic institutions, and other organizations with specialized expertise, established to support the activities of TNFD by providing insights, knowledge, and technical assistance.
- *3 TNFD Adopter : A business or organization that has published a statement indicating that it will disclose information in line with the TNFD recommendations.
