Highlights of Consolidated Financial Results for the FY2023

Outline of Financial Results for the FY2023

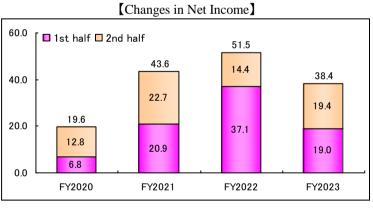

• During the fiscal year, net sales decreased by 9% YoY, to 2,431.9 billion yen and operating income decreased by 22% YoY, to 49.7 billion yen, because prices of the products represented by steel, non-ferrous metal and crude oil were at lower levels on a year-on-year comparison and demand for steel and scrap decreased. Ordinary income decreased by 25% YoY, to 48.2 billion yen, mainly because dividend income from strategic investments decreased. Net income attributable to owners of the parent decreased by 25% to 38.4 billion yen.
